There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest reducedability. It will effectually prevent the hair from turning until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to it to its original hus, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the latir, which, when moist with the Invigorator, can be dressed in any required form so as to pesierve its place, whether plainlor is carls; hence the great demand for it by the ladies as a standard toilet articles which none ought to be without, as the price places it within the resch of all, being readily.

L. MILLER would call the attention of Paronis and Guardians to the use of his Invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

The disordered attate of mind and body incident to this distressing complaint, is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cophalic Pilis whenever the symptoms appear.
